Introduction

GO ON GIVE IT A GO – PICK UP YOUR STICK

On behalf of the Sports Development Unit of Scottish Borders Council and the Borders Hockey Development Group, welcome to the Borders Hockey Participation Centres for season 2007-2008. The Sports development unit has been working in partnership with the Scottish Hockey Union to provide an opportunity for all primary school children to participate in the sport of hockey.

These Participation Centres are the part of long term plan that will allow boys and girls of all abilities to reach their potential through the quality coaching, provided by qualified and experienced coaches.

With the London Olympics of 2012 and hopefully the Commonwealth games 2014 coming to Glasgow, there has never been a more exciting opportunity for the community to become involved in sport.

The centres will run on a weekly basis from October to November on the outdoor facilities and November to March indoor, returning outdoor after the Easter holidays, all equipment required by participants will be provided at the centres. Participants will be coached in the fundamentals skills of hockey as well as being given the opportunity to experience match play as well.

These participation centres give these opportunities in a safe and controlled environment, using the best equipment, coaches and facilities in the Borders.
